

The background of the entire image is black, adorned with various pink cherry blossoms and green leaves. The blossoms are in various stages of bloom, with some fully open and others as buds. The leaves are small and dark green. The overall aesthetic is elegant and spring-like.

WELCOME TO THE CHERRY BLOSSOM SALE

Dear Texas Longhorn Breeders,

We want to welcome everyone to the 2022 Cherry Blossom Sale and Futurity. We are excited yet again to provide you with an environment of fellowship, fun, and some beautiful Longhorns. Whether you are here for the first time, or are a third generation attendee, we thank you for being with us.

The market here on the East Coast is continuing to get stronger every year. This sale, while having a few different names along the way is going on 33 years strong. We are honored to have each and every consignor, sponsor and attendee here with us to celebrate this years sale with a great line up of cattle.

After record breaking years in 2020 and 2021 the enthusiasm is high in our industry and the East Coast has been making a strong push to help the cause. New breeders coming in almost weekly and diving right into the fun. We encourage you that if you see a new face this year, be sure to welcome them with open arms.

Once again, the Cherry Blossom Futurity will be hosted Friday before the “Party of the Year” hosted by Ann Gravett. The past few years, over \$25,000 in prize money has been given out and has proven to be an important stop along the way for those competing in the Futurity Money Earners List.

We wish you all safe travels coming in and we can’t wait to see you in Culpeper!

Sincerely,

Ann, Bear, Chase, Debbie, Lane, and Mike

WHY THE YELLOW HIGHLIGHTS?

We wanted to be different and create a new feature to your standard sale catalog. Each of the yellow highlighted animals are over 80" TTT. Thanks to Hired Hand, we were able to track down many of these measurements. Although we're well aware that there are many great cows under 80" TTT, we wanted to give some extra promotion to the consignments who pulled from the heart of their herds. Thank you to each and every consignor!

THE FUTURITY MONEY EARNERS

The Official Money Earners List for Longhorn Futurities

This year of 2022 brings a whole different level to the Futurity world. Our goal is much like the Millennium Futurity's "For the promotion of Longhorns." We want to add another value to these cattle that are quantified.

In 2022 we are going to offer five award buckles for five different categories. Multiple futurities have already committed to helping collect this data meaning that their shows will be added to these figures. Any checks won in any of these shows will be represented on the Futurity Money Earners List for both the sire and dam of that money winning animal, as well as the owner of that animal. Special thank you to Molly & Jaymie at Hired Hand for their belief in this concept. Hired Hand has sponsored this year's buckles.

2022 FUTURITY MONEY EARNER AWARD BUCKLES

presented by Hired Hand Software

- Bull of the Year awarded to the sire whose offspring wins the most money
- Cow of the Year awarded to the dam whose offspring wins the most money
- Exhibitor of the Year awarded to the show contestant that wins the most money
- Producer of the Year awarded to both sire and dam whose offspring wins the most checks of the year

Please contact Beardavidson@gmail.com to add your futurity to the list.

LONGHORN LEGACY GRANT

“Receiving the Legacy Grant was the highlight of my year. Having a large portion of my student debt taken away was something I never expected or dreamed possible; the burden and stress relief my family and I have felt is immeasurable. The Legacy Grant has allowed me to apply much more focus toward my agricultural interest and future.”

- 2021 Winner Devin Culpeper

“The Legacy Grant was beyond a blessing that sometimes still does not seem real to this day. The Legacy Group has always pushed the grant and the idea behind it for the last couple years and although I was aware of it I never really pursued it. After seeing what it did for Josh Shaw and Melissa Boerst in 2020 I knew this was something I wanted to be involved with. From that moment on I knew this was something I needed to pursue and hit head on. I instantly started strategizing on who to write about, what to write about, who to contact, what questions to ask as the list goes on. There was a very little hesitation on who to write about, none other than Ben Gravett. The impression and relationship he made on my father and I, especially when we first started out in the Longhorn business, were like no other, and I will never be able to re-pay the memories and philosophies he gave me to this day. The Longhorn Legacy Grant is a life changing concept and I am beyond thrilled to be able to give back this year with the donation of our very own TCC Houdini daughter.”

- 2021 Winner Nate Schumpert

Texas Longhorn breeders are family. They have roots and youth, and, like any family, they have needs. The Texas Longhorn Legacy Group is committed, on the one hand, to preserving and honoring roots for both the breed and of important breeders, and on the other to helping fellow breeders in need. Toward that end, “The Longhorn Legacy Grant is designed to help Longhorn families address the epidemic of educational debt while, at the same time, making sure that the future of the breed doesn’t forget the past while immersed in the present. Whether that debt arises from loans for college, a technical school, or some other recognized education institution for which student loans are available. The goal is to help pay down, or off entirely, educational debt for Longhorn breeders.

We understand the significant and sacrifices that every breeder incurs when they become involved in this industry we love so much. The goal is to make a direct impact on those with heavy debt while, in return, asking them to help all of us remember some of the giants in this breed who are no longer here.

Those who apply for a grant will be asked to research and write an in-depth two part essay about past breeders who made a memorable impact on the breed while alive, folks like Ben Gravett, Joe Graddy, Joe Valentine, Mike Bowman, Mel Raley, John Allen, Bill Le’An, and Bill Davidson to name just a few. The first part will consist of interviews with friends and family of the person being remembered followed by a footnoted biographical sketch of that person of no less than 1,500 words. The second requirement will be an autobiographical sketch explaining the applicant’s involvement in the breed, including but not limited to a description of their program, why and how they became interested and involved in the breed, their goals, and how debt is affecting their progress and their life in general. Each report submitted, whether a winner or not, will become the property of the Texas Longhorn Legacy Group, will be available, with proper attribution, to breeders and the public, and may be published in trade magazines or other media. The Texas Longhorn Legacy Group will be the sole judge of whether to make any award in a given year, and each award, if any, will be based on merit and not on any other criteria. Each year a panel of Longhorn breeders will be selected to review applications and to determine whether an award is justified and, if so, to who it shall be given. Any winner will be honored and his or her check will be presented at the next Legacy Sale.

WS Jamakizm- \$1,183.00

DOB: 12/25/18 **PH#:** 1218 **REG:** CI317682

SIRE: RC Bootlegger (WS Jamakizm x Crowns Royal Darling)

DAM: WB Conquistagal 911 (Sledgehammer x Bar OT Conquistagal)

BREEDING: Exposed to SEE4's UNDAUNTED from 12/1/2021 to sale date. Updated breeding information will be available at the time of sale. SEE4's UNDAUNTED is a big brindle tri-color bull with twisting horns. He is in his 80's even with 4 inches broken off on of his tips.

COMMENTS: This own daughter of the late, great, 89.5" TTT, RC Bootlegger has more going for her than just her awesome name. Knockin Boots is one of the prettiest cows we have seen. She is a beautiful young, brindle, feminine cow with graceful rolling horns that have just began to really push out given her genetics for slow horn growth from her grand sire, WS Jamakizm. She is an easy keeper and maintains her weight year round. She gave us a stunning brindle heifer that we are retaining. You can't go wrong with this promising young cow!

WHY THE QR CODES?

Online and paper sale catalogs are great, but when you're interested in purchasing or researching a handful of animals, Googling™ them all can be a tall task. As sale hosts, we're constantly trying to make it easier for potential buyers to find and research the animals they're interested in and give our consignors more marketing value when consigning to our sales. This new QR code feature does both.

To use the QR code just face your phones camera at the screen image or paper copy of the catalog photo you're interested in learning more about and a notification will pop up asking if you'd like to be taken to that animal on your preferred internet browser. Proceed with that prompt and you can further research the animal or sign up to bid on her. It's that easy.

Thank you to the Hired Hand team for presenting us with this innovative idea.
